THE PORTSMOUTH DIOCESAN TRUST

TRUSTEES' ANNUAL REPORT

FOR THE YEAR ENDED 31 AUGUST 2008

The Trustees present their Report together with the financial statements of The Portsmouth Diocesan Trust and subsidiary companies for the year ended 31 August 2008, which are prepared in accordance with the Statement of Recommended Practice (SORP) 2005.

GOVERNING INSTRUMENT

The Charity was constituted by a Trust Deed dated 4 September 1934 registered under Charity Number 246871. On 11 September 1934 its Trustees were incorporated under the Charitable Trustees Incorporation Act 1872 in the name of Portsmouth Roman Catholic Diocesan Trustees Registered. Following an Order of the Charity Commission dated 14 August 2002, this Trust Deed has been revoked and a new Trust Deed dated 5 August 2002, and a Deed of Variation dated 7 April 2004, has been put in place by the Bishop and the Trustees. On 20 July 2001, there was a Direction from Charity Commission, that all the charities of which the Trustees are Trustees except the Portsmouth Roman Catholic Priests' Retirement Fund (Charity Number 1061194) and the charities holding real property in the Channel Islands, should be treated as a single charity for the purposes of registration and accounting under the Charities Act 1993.

TRUSTEES

These are set out on page 1.

OBJECTS AND POLICY

The objectives of the charity include the following: -

The provision, maintenance and upkeep of churches, public chapels and presbyteries belonging to or connected with the Roman Catholic Church in the Diocese.

The provision, maintenance and carrying on of the religious services of the said Church in such churches and public chapels or other places of like character.

The provision, maintenance and upkeep of houses of study, halls and colleges for the education and training of priests and persons desirous of becoming priests of the said Church in the Diocese or elsewhere.

The provision, maintenance and upkeep of schools and colleges for the general education both religious and secular or religious or secular of children and young persons, whether or not members of the said Church.

Generally for any such charitable purpose or purposes as in the opinion of the Bishop may be calculated to lead to the advancement or maintenance of the Roman Catholic religion.

ORGANISATION

The Charity is governed by the Trustees, who meet on a regular basis to attend to the financial, property, legal and administrative affairs of the Diocese. In accordance with Canon Law, a Diocesan Finance Council exists to give advice to the Bishop and Trustees, which meets at the same time as the Trustees. Also, a number of specialist committees, as set out below, play a part in developing policy and then monitoring specific areas of Diocesan affairs.

The Diocese of Portsmouth was created on 19 May 1882 when the original administrative counties of Hampshire and Berkshire were separated from the Archdiocese of Southwark. It now comprises an area bounded by a line from Bournemouth in the west, north as far as the outskirts of Oxford, then following the south bank of the River Thames eastwards through Reading and Maidenhead to Windsor before turning south through Sandhurst and Aldershot to Havant, together with the Isle of Wight and the Channel Islands. The Diocese is divided into parishes, which at the period end numbered 97. Each is established and operates under the Church's 1983 Code of Canon Law which bestows on them separate canonical status. This explains their treatment in these Accounts, specifically, the columnar approach and their separate classification as "Designated Funds". Canon Law requires that each parish must have a Finance Committee to assist in the administration of the temporal goods of the parish by the parish priest.

THE PORTSMOUTH DIOCESAN TRUST

TRUSTEES' ANNUAL REPORT (Continued)

TRUSTEE COMMITTEES

The Trustees have twelve committees who undertake oversight of certain aspects of the Charity's activities. Their authority is set out under terms of reference constituted in accordance with clause 12.2 of the Trust Deed and renewed annually. Of these committees, the following four cover the major areas of the Charity's activities: the Compliance Committee, the Finance & Property Committee, the Investments Committee and the Schools Committee.

The Compliance Committee

The Committee is to provide oversight of and take decisions, on behalf of the Trustees, in relation to legal compliance, financial compliance, risk assessment, health and safety, data protection, insurance policy, insurance issues in relation to parishes, liaison with the Catholic Church Insurance Association (CCIA) at Aylesbury and any other matter relating to compliance or insurance referred to the Committee by the Trustees with the Bishop's approval. The Committee comprises three trustees appointed by the Trustees with the Bishop's approval, the secretary to the Trustees and others appointed by the Trustees with the Bishop's approval. The Committee must meet at least quarterly. Two trustee members constitute a quorum. A trustee member may veto any resolution of the Committee, in which event the matter in question must be referred to the Trustees for decision. The minutes of each meeting must be produced to the Trustees at their next meeting. Amongst others, the trustees who are members of this committee are Mr Kevin Ryan, Canon Richard Hind and Mr Iain McGrory.

The Finance & Property Committee

The Committee is to provide oversight of and take decisions, on behalf of the Trustees, in relation to approval of projects, approval of loans, property acquisition and disposal, including leasing, property inspections, grants from the funds of any of the charities the subject of the 2001 Direction referred to under Governing Instrument above and any other matter relating to finance or property referred to the Committee by the Trustees with the Bishop's approval. The Committee may not authorise any project the capital amount or value of which is above £250,000 or any project which the Trustees have directed is to be referred to them for decision. The Committee must meet at least once every two months. Otherwise the composition and rules about meetings and reporting to the Trustees are the same as those for the Compliance Committee. Amongst others, the trustees who are members of this committee are Mgr John Nelson, Canon Richard Hind, Mgr Thomas McGrath, Mr Peter Burns, Mr Peter Hancock and Mr Iain McGrory.

The Investments Committee

The Committee is to provide oversight of and take decisions, on behalf of the Trustees, in relation to investment policy, short term "cash" investment, liaison with investment managers and any other matter relating to investments referred to the Committee by the Trustees with the Bishop's approval. The Committee may not authorise the investment of any new monies the capital amount of which is above £250,000, the rolling over of any existing investment the capital value of which is above £1,000,000 or any new or existing investment which the Trustees have directed is to be referred to them for decision. Otherwise the composition and rules about meetings and reporting to the Trustees are the same as those for the Compliance Committee.

Amongst others, the trustees who are members of this committee are Mgr John Nelson, Mr Peter Hancock and Mr Iain McGrory.

The Schools Committee

The Committee is to provide oversight of and take decisions, on behalf of the Trustees, in relation to strategic planning for Catholic education in the Diocese and any other matter relating to schools within the Diocese referred to the Committee by the Trustees with the Bishop's approval. Otherwise the composition and rules about meetings and reporting to the Trustees are the same as those for the Compliance Committee.

Amongst others the trustees who are members of this committee are Mgr Vincent Harvey, Mgr John Nelson, Miss Catherine Hargaden and Canon Richard Hind.

The other committees are the Bamenda Committee, the Budgetary Committee, the Claims Committee, the Communications Committee, the Personnel Committee, the Safeguarding Committee, the Schools Finance Committee and the Stewardship Committee.

THE PORTSMOUTH DIOCESAN TRUST

TRUSTEES' ANNUAL REPORT (Continued)

ACTIVITIES AND ACHIEVEMENTS

Following the change in 2005, in reorganising parishes into 24 pastoral areas, part of the achievements in this period is that 2 of those areas have taken the step to merge the parishes in those areas into a single parish, while still honouring the trusts and funds of the original parishes where appropriate. This is recognising the objects set out in the pastoral plan to respect the centrality of the Sunday Eucharist and developing Catholic stewardship in those areas. The pastoral plan also encapsulates the difficulties being encountered in providing pastoral care and Sunday Eucharist for the many small communities in the diocese. Other pastoral areas have been organising themselves to ensure that communities within those areas had the pastoral care and sacramental programmes necessary for those communities. This ongoing process appears to be awakening the communities not only to their needs, but also to their responsibilities. This programme also addresses the need to demonstrate that the diocese is providing the Public Benefit being looked for in the Charities Act 2006, although the process had begun prior to the implementation of this Act.

During this period, following much consultation, originating from the work of the Budgetary Committee, and the deliberation of the Trustees, a pilot programme has been initiated to raise funds, to endow the diocese with sufficient funds to enable it to support independently the training of students to the priesthood, and the continuing care of its ordained clergy in their ministry. The programme, entitled "Living our Faith", is utilising the resources of a professional fundraising team, and is aiming to raise in excess of £6m, which will have the effect of substantially reducing the demands on the parishes in respect of the annual diocesan levy. In addition, the programme is assisting the identification of other requirements in the parishes, to fund adult formation programmes and resources, and various capital projects, so the initiative is giving us a partnership between the parishes of the dioceses.

Planning consent has been achieved in July 2007, for a new church in the growing area of Waterlooville, to replace a chapel owned by the Sisters of Our Lady of Charity, which they are having to dispose of, and is currently not suitable for liturgical purposes. Construction is likely to commence in 2009. Another parish has identified a need for a new church, in Hungerford, and are currently working towards obtaining the appropriate planning consent, which when conditions allow, will enable sufficient surplus land to be disposed, to substantially fund the building costs. There is also a continuing programme of refurbishment. A new parish hall has been completed in Farnborough, and is operating successfully, as well as the imaginative re-ordering of a listed church in Farringdon. Other works are being planned in Christchurch, but unlikely to commence in the near future.

Because of the current economic situation, the trustees have had to consider the advisability of disposing surplus properties, and accordingly are not looking to approve projects which are not self funding. Clearly, if there is an urgent need for repairs then such projects will have to be funded.

To recognise the Bishop's responsibility for religious orders within his diocese, which are of diocesan right and not of pontifical right, two orders have had to be suppressed, by Orders from the Holy See, and the Trustees have taken as their responsibility to ensure that the members and property of those orders are properly cared for. This has resulted in one action to protect the members and their property being taken in the High Court, which because of deficiencies in the trust deeds involved, resulted in a failure to retain the properties previously utilised by the Order, and to recover the costs involved. In accordance with a Decree of the Holy See dated 12 December 2007 a property known as Poor Clare Convent, Bracken Lane, Southampton, Hampshire (independently valued at £1,250,000) was transferred by the Poor Clare Colettine nuns to the Portsmouth Roman Catholic Diocesan Trustees Registered as trustees for Portsmouth Diocesan Trust. The Trustees made a cash payment of € 1,000,000. The net proceeds of the property after taking account of the expenses of the transfer, the cash payment of € 1,000,000 and the amount of any taxes or other sums properly payable in relation to the transfer of the property were donated by the Poor Clare Colettine nuns to the Portsmouth Diocesan Trust for its general charitable purposes.

FINANCIAL REVIEW

The Statement of Financial Activities is in the main summary of the financial activities of the Charity for the period. This shows an increase in funds of £203,963 (2007 Increase - £325,575) on normal activities, with an increase in investment funds of £1,596 (2007 Increase - £1,764,882). No further formal valuation of investment properties was deemed necessary for the purposes of these financial statements. There have been Trustees' valuations in respect of those properties which have been transferred into Investment Properties due to changes in use. Included in income are legacies to the value of £866,811, compared to £342,397 in 2007.

THE PORTSMOUTH DIOCESAN TRUST

TRUSTEES' ANNUAL REPORT (Continued)

FINANCIAL REVIEW (Continued)

The Cash Flow Statement indicates that the cash resources of the Charity decreased by £874,487 in the year, as compared to a decrease of £1,987,292 in 2007.

Devolved Formula Capital funds continued to be transferred to the Diocese, to be held on behalf of the voluntary aided diocesan schools. At the period end, a total of £2,720,033 (2007 - £3,493,903) was held for those schools.

Improving and maintaining the properties owned by the Charity is a major priority, with a total of £1,919k (2007 £1,718k) spent on repairs and a further £1,800k (2007 £2,795k) spent on capital projects during the period. Surplus tangible fixed assets were also disposed of in the period realising £265k (2007 £315k), creating a surplus of £133k (2007 £76k).

To facilitate the funding of this expenditure on property, all parish funds are lodged centrally, thereby enabling interest free loans to be made to parishes undertaking these major expenditures, should these parishes not have sufficient financial resources available. The Trustees will ensure that the Charity has sufficient resources to meet these commitments before entering into any contracts.

The curial activities cover the work of the Bishop and the various departments dealing with pastoral formation, schools, clergy training and support, and finance and property. These are in the main funded by a levy on the income of the parishes.

The curial activities also include a number of restricted and designated funds, which are administered by the Curia for specific purposes. These are listed in the notes to the accounts.

The "Living our Faith" programme has been set out as a designated fund, and the initial costs of the programme have been shown in that fund, as a deficit of £166,495. To the date of this report pledges totalling £1.2 m have been made.

Throughout the Charity, there are also fund raising activities for outside charitable activities, which in the period amounted to £340,982 (2007 £293,667). This fundraising income is considered a conduit where the Diocese acts as agent for the third party charities and has therefore been excluded from the Charity's accounts.

The financial statements give only a partial view of the activities of the Charity. There are many thousands of active members and contributors to the Charity, whose activities, together with those of the clergy and lay staff who work within the Diocese, extend far beyond and, in a dynamic way, give expression to the Charity's work in pursuance of its objects.

DIOCESAN SCHOOL PROPERTIES

The Charity is the legal owner of 51 properties used as part of the sites occupied by 51 of the 54 voluntary aided Catholic schools within the Diocese. These schools are "exempt" charities in their own right, and following the implementation of Charities Act 2006, are now "excepted" and none of their transactions are included in these accounts. Parishes are, however, required to make contributions towards certain property and other costs and these are treated as Parochial Resources Expended. The nature of the occupation of these properties means that the Trustees do not have the power to dispose of the land and buildings until a school closes or is transferred, which in turn requires the approval of the school governors and the Secretary of State. Consequently, for the purposes of these Accounts, the land and buildings are not included at any value (see accounting policy (f)).

THE PORTSMOUTH DIOCESAN TRUST

TRUSTEES' ANNUAL REPORT (Continued)

INVESTMENT POWERS

The Charity's investments are structured as units in The Diocese of Portsmouth Common Investment Fund (DOPIF). The investment policy is determined by the Investments Committee, which meets on a quarterly basis to monitor investments and to discuss with the investment managers their performance. The investment managers are also instructed that their choice of investments must take into account the ethical position of the Catholic Church, and this is monitored.

The performance of the fund in the year to 31 December 2008 showed a return of -22.4% (2007 – 8.50%) against a benchmark return of -17.1% (2007 – 5.5%). Within this fund is a Common Investment Fund called Charifaith which is managed by the diocesan investment managers, and returned -18.6% (2007 – 8.7%) in the year ended 31 December 2008, against a benchmark of -18.8% (2007 – 4.8%). The Trustees consider that the performance against benchmark does not cause them concern, because of the long term nature of the investment fund.

RESERVES POLICY AND ASSET COVER FOR FUNDS

As at 31 August 2008, Curial reserves amounted to £5,276,169, of which £1,475,926, approximately six months general expenditure, is free from any restrictions or designations. This is a decrease of £307,863 in the unrestricted reserves in the year. These are the true free funds of the Charity, which are available for supporting any or all of the activities of the Charity.

There are other amounts totalling around £3.8m, which have specific restrictions and designations, or are permanent endowments, that can only be utilised for the purpose for which the funds have been set up.

The funds within parishes total around £52.2m, of which £31m is represented by the value of churches and other functional properties. This is an increase of around £1.3m for the year. These funds are for the purposes of the activities of individual parishes, and designated for that use.

Accordingly, although it would appear that the Charity has substantial resources, in reality those resources are very limited, given the size and scope of its activities.

The Trustees have been concerned for some years that the level of central funds may not be at a sufficient level to sustain and support the entirety of the Charity's work in the long term. Although parishes in themselves are intended to be self sufficient, where major projects are concerned they rely on financial support, such as interest free loans, which emanates from surplus funds held by other parishes. Although the Trustees do control and monitor the level of capital expenditure being approved and satisfy themselves that the expenditure is affordable, a low level of unrestricted reserves does create a climate wherein the Trustees' flexibility is limited. So the Trustees have been considering ways by which these reserves can be raised.

In order to address this issue, the Trustees have established a Pastoral Development Fund, which will be funded by donations, legacies and some of the proceeds of sale from properties surplus to the Charity's functional or investment purposes, and an initial transfer of £1,041,608 was made in 2005 from the net proceeds of a surplus property. This is shown in the financial statements as a designated fund. During 2008 £300,000 has been utilised to partially fund a parish project, where funds were not available, and in 2009, a further £500,000 from this fund is committed to a project where a parish does not have sufficient resources to complete the project.

There are two further designated funds, one of which is utilised to manage and assist parishes in mitigating their exposure to loss or liability, by assisting as an example in implementation of new fire regulations in parish properties; the other, generated from the sale of surplus school property, is used to assist in school funding where other resources are not available.

The Trustees have addressed the issue of ensuring that the central budget is balanced. This in itself should ensure, subject to investment performance, that reserves are not depleted. However, because investment and cash deposits have been essential in achieving this balance, and the returns currently available, this is unlikely to continue, and therefore the Budgetary committee is currently considering what discretionary expenditure can be limited in future.

THE PORTSMOUTH DIOCESAN TRUST

TRUSTEES' ANNUAL REPORT (Continued)

RISK ASSESSMENT

The Trustees have assessed the major risks to which the Charity is exposed, in particular those relating to the operation and finances of the Charity, and believe effective insurances, checks, controls and procedures are in place to mitigate those risks. The Trustees are re-examining this area on a continual basis, to ensure they are not exposed to risks resulting from current legislation.

CONNECTED CHARITY

A connected charity is identified in Note 16

FUTURE PLANS

The diocesan pastoral plan “Go Out and Bear Fruit” was adopted in July 2005. Its central planks were the importance of the Sunday Eucharist, the establishment and development of Pastoral Areas and the recognition that principles of Catholic Stewardship should govern the Charity’s use of the time talents and treasure at its disposal. Although it is envisaged that this plan will need to be implemented over the next 5 to 15 years, the Trustees note that there has been considerable progress in addressing each of these areas already.

Most notably, with the establishment of the 24 Pastoral Areas the people of the diocese are beginning to plan to ensure that the Sunday Eucharist is available to as many people as possible. Closer co-operation between parishes within pastoral areas is already allowing a more efficient and effective use of the Charity’s resources.

A programme of Stewardship, having been piloted in a few parishes, will now be promoted throughout all parishes and this is seen as a 10 year programme.

STATEMENT OF TRUSTEES' RESPONSIBILITIES

The purpose of this statement is to distinguish the Trustees’ responsibilities for the accounts from those of the auditors as stated in their report. The Charities Act 1993 requires the Trustees to prepare for each financial period financial statements which give a true and fair view of the Charity’s financial activities during the period and of its financial position at the period end. In preparing the financial statements the Trustees are required to:

- Select suitable accounting policies and apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that this basis applies.

The Trustees are responsible for ensuring proper accounting records are kept which disclose, with reasonable accuracy at any time, the financial position of the Charity and enable them to ensure that the financial statements comply with the Trust Deed and the disclosure regulations. They are also responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of error, fraud and other irregularities.

Approved by the Board of Trustees on 23 April 2009 and signed on its behalf by:

Rt. Rev Crispian Hollis (Trustee)

Mr Iain McGrory (Trustee)

THE INDEPENDENT AUDITORS' REPORT TO THE TRUSTEES OF

THE PORTSMOUTH DIOCESAN TRUST

We have audited the financial statements of the Portsmouth Diocesan Trust and subsidiary companies for the period ended 31 August 2008, which comprise the consolidated Statement of Financial Activities, the group and charity Balance Sheet and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the charity's trustees, as a body, in accordance with the regulations made under the Charities Act 1993. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of trustees and auditors

As described in the Statement of Trustees' Responsibilities the charity's trustees are responsible for the preparation of the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

We have been appointed as auditors under section 43 of the Charities Act 1993 and report in accordance with regulations made under section 44 of that Act. Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Charities Act 1993. We also report to you if, in our opinion, the Trustees' Report is not consistent with the financial statements, if the charity has not kept proper accounting records, if we have not received all the information and explanations we require for our audit.

We read the Trustees' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the trustees in the preparation of the financial statements, and of whether the accounting policies are appropriate to the charity's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements:

- give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the group and charity's affairs as at 31 August 2008 and of its incoming resources and application of resources in the period then ended; and
- have been properly prepared in accordance with the Charities Act 1993.

THE PORTSMOUTH DIOCESAN TRUST

STATEMENT OF ACCOUNTING POLICIES

FOR THE YEAR ENDED 31 AUGUST 2008

The financial statements have been prepared in accordance with the Charities (Accounts and Reports) Regulations, the Statement of Recommended Practice "Accounting by Charities" SORP 2005 (issued in March 2005) and applicable accounting standards issued by UK accountancy bodies. The particular accounting policies adopted are described below. The financial statements are prepared under the historical cost convention, as modified to include certain tangible fixed assets at a valuation and fixed asset investments at market value.

a) Basis of preparation

The financial statements represent the Portsmouth Diocesan Trust together with its wholly owned trading subsidiary companies (consolidated on a line by line basis) listed in note 17. Since the consolidated balance sheet is not materially different from the Trust balance sheet only a consolidated balance sheet and consolidated notes to the accounts have been presented. In accordance with paragraph 397 of the Charities SORP 2005, no separate statement of financial activities has been prepared for the Charity alone.

b) Legacies, Donations and Grants

Legacies and donations are recognised when receivable or when the Diocese becomes legally entitled to them and they can reasonably be measured in financial terms. Receipts of property, investments or other gifts in kind are included at market value. Grants are recognised when receivable.

c) Investments and Investment Income

Quoted investments are valued at their middle price on the balance sheet date. Investment properties are stated at a Trustees' valuation, as advised by a qualified Chartered Surveyor. Investment income is accounted for as it accrues.

d) Taxation

As a registered charity, the Diocese is exempt from income tax, corporation tax and capital gains tax derived from its charitable activities. Recovery of tax deducted at source is credited to the category of income to which it relates.

e) Expenditure

Charitable expenditure consists of all expenditure directly relating to the objects of the Charity. Certain central costs, which cannot be directly allocated, are apportioned between direct charitable expenditure and governance costs on the basis of the Trustees' estimate of the time spent on the relevant functions.

Governance costs comprise the costs of running the Charity, including strategic planning for its future development, also external audit, any legal advice, and all the costs of complying with constitutional and statutory requirements, such as the costs of Trustees' meetings and of preparing statutory accounts and satisfying public accountability.

f) Tangible Fixed Assets

Prior to 1 January 1997 the cost of fixed assets was written off in the year of acquisition and no comprehensive cost records were maintained. In order to arrive at a reasonable valuation of parish property, taking into account age, type, condition and life expectancy, the Trustees considered that the then insured values should be discounted by 90% and in subsequent years be depreciated at 2% per annum, on the building value only. Properties acquired after 31 August 1996 are capitalised at their actual cost of acquisition.

The Diocese owns a number of properties that are occupied and run by independent charities in the form of Voluntary Aided Schools. The school properties (land and buildings) are vested in the name of the Trustees. The Trustees cannot take a unilateral decision to dispose of these properties. Disposal can only occur if the school governors and the Secretary of State for Education decide that all or part of a school site is no longer required for education. In most circumstances, where a disposal occurs, the Secretary of State or the local authority may be entitled to recoup any grant. Although no rights of ownership vest in the school governing body, most other rights and obligations, such as for the maintenance and repair of the school and its facilities, are passed to the governors. The Trustees therefore consider that there is no capital value to the Diocese in the stock of school buildings.

THE PORTSMOUTH DIOCESAN TRUST

STATEMENT OF ACCOUNTING POLICIES (Continued)

FOR THE YEAR ENDED 31 AUGUST 2008

f) Tangible fixed assets (continued)

Thus these properties have not been capitalised. There is a potential value, or contingent asset, in the event of a closure of a school (either connected to a re-organisation or not). Such an asset is recognised only upon the occurrence of a closure/re-organisation and the site's development value becoming certain, such as upon the granting of planning permission. The recognition of this value is accounted for as an incoming resource in the year in which this value becomes measurable and certain.

Prior to 4 September 1934, the date of the original Trust Deed of the Charity, most parish properties were acquired on trusts related to individual parish missions and were formally brought under the legal control of the Trustees by virtue of Charity Commission schemes dated 4th and 7th February 1936. These assets are included in Parochial Funds.

There are a few properties held on trusts created after 1934 which are different from those in the 1934 and 2002 trust deeds. These assets are also included in Parochial Funds.

The estimated cost of furniture, equipment and motor vehicles held at 31 August 1996 has been capitalised in the financial statements. Subsequent additions in excess of £5,000 are capitalised at cost. Individual works of art, historical treasures and plate are not capitalised.

Depreciation is calculated by the straight line method to write off the cost/value less anticipated residual value, over the expected useful lives of assets as follows: -

Freehold property (excluding land)	50 years
Furniture and equipment	5 to 20 years

g) Gains and Losses

Gains/losses on investments are calculated as the difference between opening market value and closing market value after adjusting for additions and disposals during the period. No distinction is made between realised and unrealised gains in the financial statements.

h) Schools Building Programme

Any grants obtained on behalf of school governors are netted off against total costs and only the residual cost to the Diocese is included in the financial statements.

i) Parochial Funds

Each Parish is considered by Canon Law to be a juridical person with corresponding rights and obligations, including the holding and use of funds. The use of these parochial funds is the responsibility of the Parish Priest, Diocesan Finance Council and the Trustees in varying ways depending on the amount and significance of the funds. However, for the purposes of civil law parishes are not distinct legal entities and, unless there are distinct and express special trusts clearly evidenced in law, parochial funds are therefore shown as unrestricted but designated funds.

j) Permanent Endowment Funds

The capital of Permanent Endowment Funds must be maintained intact with any income arising being available for restricted or general charitable purposes of the Diocese, according to the terms of the original gift.

k) Fund Accounting

Unrestricted funds comprise accumulated surpluses and deficits on general funds. They are available for use at the discretion of the Trustees in furtherance of the general charitable objectives.

Designated funds are funds set aside by the Trustees for specific purposes (see note 12).

Restricted funds are used for specific purposes as stated by the grantor. Expenditure which meets these criteria is charged to the fund (see note 11).

At 31 August 2007	<u>£31,436,294</u>	<u>£630,667</u>	<u>£32,066,961</u>

The Diocese also owns a number of properties, which are occupied and run by independent charities in the form of Voluntary Aided Schools. The Trustees consider that these properties have no capital value to the Charity – see Accounting Policy (f). The total re-instatement cost of these schools is approximately £300m. A list of the schools in the Diocese is set out on the Diocesan website (www.portsmouthdiocese.org.uk).

All fixed assets are used in direct furtherance of the Charity's objects.

6. INVESTMENTS	Investment Properties £	Quoted Investments £	Total £
Market value at 1 September 2007	11,949,052	8,417,337	20,366,389
Additions	1,385,079	3,367,881	4,752,960

	<u>£13,768,460</u>	<u>£7,684,048</u>	<u>£21,452,508</u>

All quoted investments (other than cash) are quoted on a recognised UK Stock Exchange or are valued by reference to investments listed on a recognised Stock Exchange. No figure for the cost of the investment properties owned at 1 January 1997 is available; the value at which they were first recognised in the accounts was £1,014,500.

Included within the investment portfolio at the period end were the following investments which represented more than 5% of the total portfolio valuation:

Charifaith Dist Units	51.81%
Charinco Dist Units	5.33%
BlackRock Blk Overseas	5.19%

CURIAL

Social Welfare Fund

This is a fund dating from 1952 for the promotion of Social Welfare generally.

Clergy Training Fund

A fund for the training of students to the priesthood, which is the recipient of a specific annual Diocesan collection for this purpose.

Bamenda Fund

A fund to provide assistance to the Diocese of Bamenda in Cameroon, Africa that is the recipient of a specific annual Diocesan collection. There is a Trustees' committee charged with monitoring and making the appropriate grants.

Clergy Assistance

This fund provides financial support for clergy in need and is the recipient of a specific annual Diocesan collection.

Blanche Edmond Rowley Trust

The Trust Fund was constituted in 1992 by a bequest from a will to be used for the benefit of the handicapped and aged.

Youth Funds

Funds collected specifically for youth purposes including Lourdes Pilgrimages and Summer Schools.

THE PORTSMOUTH DIOCESAN TRUST

NOTES TO THE ACCOUNTS (Continued)

FOR THE YEAR ENDED 31 AUGUST 2008

11. RESTRICTED FUNDS (Continued)

CURIAL (Continued)

Vicariate Triple Trust

The purpose of the Trust is primarily to assist parishes in providing church furnishings.

Edward Rice Fund

This donation was received in 2005, primarily for education purposes in Reading and surrounding areas, and the local pastoral area is developing support for appropriate chaplaincies in the area.

School Building Fund

This Fund was established in 2001, to provide a central fund to meet the governors' liabilities on expenditures in Voluntary Aided schools. The equalisation fund is targeted as half from all parishes on the mainland, whether feeder parishes or not, and the balance being raised by the schools from parental contributions.

Other Restricted Funds

Other restricted funds consists of donations and other contributions for specific purposes other than those listed above, each not exceeding a period end balance of £10,000.

PAROCHIAL

Parish Fund Raising

These are funds that parishes raise for separate funds and charities, and account for as a restricted fund.

Investment Funds

These are mainly legacies left specifically for expenditure within individual parishes or churches.

Foundation Masses

Legacies left for mass intentions of the deceased, are held as separate funds within the parishes.

12. DESIGNATED FUNDS (Continued)

Education Fund

This fund is utilised for the support of schools and other educational purposes within the Diocese.

Insurance Risk Fund

This fund has been designated to assist parishes and others to comply with safety requirements.

Pastoral Development Fund

This fund has been set up from the proceeds of the sale of a surplus property and will be supplemented from further disposals where there are surplus funds generated, in order to aid parishes with their own developments.

Living Our Faith Fund

A pilot programme has been initiated to raise funds to endow the diocese with sufficient funds to support independently the training of students for the priesthood and the continuing care of its ordained clergy in their ministry, to fund adult formation programmes and resources and various capital projects.

14. TRANSACTIONS WITH TRUSTEES

Certain of the Trustees are also priests within the Diocese. As priests they receive income from their office together with living accommodation, living expenses and reimbursement of costs incurred on behalf of their parish on the same basis as other priests within the Diocese. No Trustee receives any remuneration or benefits from their trusteeship. One Trustee was paid for his professional services to the Diocese, excluding acting as Trustee, which amounted to £18,872 (2007 £35,785). Trustees were re-imbursed for travel expenses, in their capacity as Trustees, in the year in the sum of £3,177 (2007 £2,158)

15. CAPITAL COMMITMENTS
