- Those with experience of the Holy Spirit who are interested in healing and prayer ministry.
- Christians from any denomination, although the teaching will be largely from a Catholic viewpoint.

## OVERVIEW

Prayer Ministry is simply doing what Jesus commanded us to do, yet for each of us there are obstacles within us that prevent us from moving freely in this ministry. This short, practical workshop is designed to help us overcome these obstacles so that we can be more effective in doing what we have been called to do - to make God's love real to those we pray with and to see his love made manifest in their lives.

## TOPICS WILL INCLUDE:

- Knowing God's love and Grace - *The core to moving effectively in this ministry is rooted in our own personal relationship with God*
- The Biblical Basis for Prayer Ministry - *All that we seek to do is rooted in Scripture*
- Understanding the Prayer Ministry Cycle - *What is happening when we pray with others, what is being asked of us and how does this ministry flow so that it is effective?*
- Moving in the Supernatural - *The Healing Ministry of Jesus was a supernatural move of the Holy Spirit: we are invited to step into that flow of supernatural power.*
